Rockets to Roses

BY RABBI DAN LEVIN
dlevin@tbeboca.org

Living in the small town of Yated, just a few kilometers from Israel’s border with Egypt and Gaza, Yaron Bob was a computer teacher and a blacksmith. In 2008, in the midst of repeated missile attacks from Gaza, Yaron would often find the burned out husks of the crude Qassam rockets lying around the community.

He remembered the famous words of the book of Isaiah: “They shall beat their swords into plowshares, their spears into pruning hooks.” And then something welled up from inside him.

Yaron began to take the shells of Qassam rockets, and patiently bent and twisted the metal into beautiful roses and pieces of Judaica.

“I take the Qassam, the instrument of death,” he said, “and I change it. I transform it into something beautiful.”

It’s hard to imagine anything beautiful coming out of the Otef Aza, the area known as the Gaza envelope. The massacre of more than 1,300 men, women, and children by Hamas on the morning of Simchat Torah, and the war that has followed, has desecrated that beautiful region with bloodshed, destruction, and grief.

For many years, I have spent time in Otef Aza. We have brought many tour groups from Temple Beth El and I have visited as part of Federation Missions.

My last visit to the area was in June of 2021. A small group of rabbis went to offer a “Hibbuk” – a hug to our Israeli sisters and brothers who bore the brunt from the missile attacks the month before.

We visited a man who was beginning to rebuild his house after a missile tore through his kitchen while he and his children sheltered in their safe room. We visited a group of mental-health counselors trying to provide support to hundreds of people who had endured thousands of rocket attacks and days in bomb shelters.

And we spent half a day at Kfar Aza, a beautiful kibbutz just a few kilometers from the border. Chen Kotler, who had lived there for many years and raised her family there, showed us the “souvenirs” that had landed in her front yard – pieces of Hamas missiles and remnants of the “Iron Dome.”

We met Ofir Liebstein, the regional mayor, who was working to build an industrial zone that would offer opportunities for Israelis and Palestinians to work and grow the region together.

Someone from our group asked why they live there, given the constant threat of rocket attacks. Chen looked at us and said, “Why wouldn’t we live here! It’s beautiful here. No one locks their doors, our kids can run around and everyone takes care of everyone. It’s paradise.”

Ofir was killed in the first minutes of the war, defending Kfar Aza. Thankfully Chen was out of the country and her family all survived.

Recently, Chen spoke on a Zoom call of their efforts to sustain the survivors of Kfar Aza and their mission to rebuild their Kibbutz. She has not let go of her vision, and not let go of her dreams.

The massacre of Simchat Torah was the worst attack on the Jewish people since the Holocaust. The echoes of pogroms, like Kristallnacht, ring in our ears. But just as our people found ways to commemorate the horrors of the Shoah, and just as Yaron Bob found ways to turn Rockets to Roses, so must we lift our downcast eyes in hope and faith that from the wreckage of war, and the heartbreak of grief, we will find our way forward to life and to peace.

Years ago, during a visit to Yaron Bob’s studio, Mara and Michael Shapiro purchased for Temple Beth El a Chanukiah fashioned from burned out Qassam rockets. More than ever, as we kindle the lights of this remarkable Chanukiah, we will hold fast to Isaiah’s vision, and pray that this war will vanquish those whose hands are stained with our blood, and whose hearts are corroded with hatred.

“Israel be builded as a city, a city spread abroad for an army, when the mouth of Jacob speaketh peace, and James putteth the feet of his feet upon the城墙.”

A MESSAGE FROM THE TEMPLE PRESIDENT

From Broken to Beautiful: Nurturing Growth and Connection at Temple Beth El

In this issue of The Chronicle, we explore the theme “From Broken to Beautiful.” While our Temple remains a strong and vibrant community, we recognize that there are always opportunities for growth and improvement. At Temple Beth El, our commitment to continuous improvement takes many forms, from strategic planning to leadership development and the creation of circles of connection.

Strategic Planning: Shaping Our Future
Strategic planning is the compass that guides us toward a better tomorrow. It allows us to take a step back, assess our strengths and areas for growth, and chart a course for the future. Our recent strategic planning efforts reflect our dedication to fostering positive change within our Temple community.

With the strategic plan as our roadmap, we envision a future where Temple Beth El continues to be a place of inspiration and support for every member. Our plan includes initiatives that promote personal and spiritual growth and strengthen our connections through exceptional Jewish experiences. As we implement this plan, we are moving from strength to strength, continually enhancing our community.

Leadership Development: Nurturing Potential
Leadership development is the cornerstone of our progress. We recognize that effective leaders are vital to the well-being of our Temple. Through leadership development programs, we empower our members to take on leadership roles and guide our community toward a brighter future.

Our commitment to leadership development is an investment in the potential of every individual within our congregation. It fosters a culture of shared responsibility and encourages diverse voices to contribute to our collective success. As we nurture the leadership skills of our members, we move from a place of strength to a place of even greater strength.

Building Circles of Connection: Healing and Support
Our Temple isn’t just a place of worship; it’s a community that cares for one another. In times of hardship, when members may feel broken, we are here to help them heal. We understand the power of connection, and our circles of connection initiatives provide a network of community, support, and care.

These circles are a testament to our commitment to one another. They remind us that even in moments of vulnerability, we can find strength in community. As we build these circles of connection, we transform moments of brokenness into beautiful opportunities for healing and growth.

While Temple Beth El is not “broken,” we are always striving to make things better, to strengthen our bonds, and to deepen our connection to Jewish life and each other. As we embark on this journey from “broken to beautiful,” let us do so with open hearts and a shared commitment to our community’s continued growth and well-being.

As this issue of The Chronicle goes to print, Israel is embroiled in a horrific war against Hamas. We pray for the safety of all the people of Israel, and for the quick end to this conflict.

Avinu SheBaShamayim, Tzur Yisrael V’Goalo, Barech Et Medinat Yisrael, Reishit Tz’michat Geulateinu.

אָבִֽינוּ שֶֶׁבַָּשָָּׁמַֽיִם, צוּר יִשְְׂרָאֵל וְגוֹאֲלוֹ, בָָּרֵךְ אֶת מְדִינַת יִשְְׂרָאֵל, רֵאשִֶׁית צְמִיחַת גְְּאֻלָָּתֵֽנוּ

O Heavenly One, Rock and Redeemer of Israel, send your blessing to the people and the State of Israel, the first flowering of our redemption, in these dark and difficult days.

Followed by Chanukah Candle Lighting
with Temple Beth El Clergy
SCHAEFER FAMILY CAMPUS

From the musical genius of Andrew Lloyd Weber (Phantom of the Opera) and Tim Rice (Beauty and the Beast) comes one of the most popular musicals of the last 50 years. This telling of the biblical story of Joseph and his brothers from the book of Genesis is filled with great music, costumes, laughter, joy, and heart. Utilizing many different styles of music from pop/rock to country to musical comedy this sparkling show follows young Joseph as he faces adversity and triumphs through his dreams and his strong, unwavering faith.

REMEMBRANCE & GRATITUDE  {November}

This month, as we commemorate Kristallnacht and celebrate Thanksgiving, we will focus on how precious is the gift of life. Memory allows us to bring forward pain from our past, so that we learn to treasure the present and build for the future. Gratitude enables us to savor the blessings that constantly surround us, and to cultivate the strength and resilience to move through life’s challenges with renewed joy and appreciation.

LIGHT IN THE DARKNESS  {December}

Jewish tradition teaches us the power of חכמה – Tikvah – Hope. For centuries, Hope was the fuel God provided for us to endure and persevere, even in the darkest of times. This month we will look at different resonances of hope. As we celebrate Chanukah, we recall the hope that drove the Maccabees to win our people’s liberation, and how the Festival of Lights inspires us to renew our dedication to build a world of light.

What happens when a Jew saves only his family and a few others during the Holocaust and then comes to the defense of a Nazi after the war? Ultimately, he makes Aliyah after the war and in 1957 is assassinated. We will hear from Mordecai Paldiel, a survivor and head of the Righteous Gentiles department at Yad Vashem and a world famous Holocaust scholar, and then watch the film “Killing Kastner.” We will question whether he collaborated or acted honorably as best as circumstances warranted.

How could 212,000 of the 220,000 Jews in Lithuania have been slaughtered during the Holocaust when only 1,000 German troops and SS were stationed in the country? The answer: Nazi collaborators.

It is a history that Lithuania and other countries have been eager to ignore, deny or dismiss out of hand.

Exposing that truth to force national reckonings is at the heart of the work of Holocaust historian Dr. Efraim Zuroff, the Simon Wiesenthal Center’s chief Nazi hunter, and bestselling author Naomi Ragen’s new novel, The Enemy Beside Me.

Dr. Efraim Zuroff, a historian leading the efforts against Holocaust distortion, is the chief Nazi hunter of the Simon Wiesenthal Center, Director of the Center’s Eastern European Affairs and its Israel Office in Jerusalem.

Naomi Ragen is an American-born novelist, playwright and journalist living in Israel. She is the author of the play Women’s Minyan, currently being performed at Israel’s National Theatre. She has written thirteen novels, including a number of international bestsellers. Her novel Jephte’s Daughter was listed among the 100 Essential Books for Jewish Readers. She is a feminist Orthodox Jew and women’s rights activist and a beloved speaker at Temple Beth El.

The Giving Tree

The Giving Tree is gearing up to fill over 2000 holiday wishes for kids, teens and seniors in our local community. Started at Temple Beth El over 30 years ago, the Giving Tree’s annual holiday project makes the holidays a little brighter for those among us whose lives are filled with many basic resource insecurities.

We need your help to fill wish lists. Here are ways to make this happen:

- Pick a wish list(s) from our virtual trees. Visit our website: thegivingtreeboca.org/fill-a-holiday-wishes/

- Prefer not to shop? Visit tbeboca.org/giving/the-giving-tree to donate now and we will shop for you

- Organize a wish fulfillment drive at your place of work, community or other social group. If interested, contact us for more information thegivingtreeboca@gmail.com

- Spread the word and share this information to your network of friends and family

Art, Antiquities and the Jewish Experience

Rabbi Jessica Spitalnic Mates, Judith Beiner and others

Tuesdays, November 7, 14, 28 (No class 11/21), December 5, 12, 19 (No class 12/26)
12:00-1:00pm

In celebration of The Beiner Collection of Antiquities that will grace our lobby, we are delving into the impact of the Jewish experience, and the art that came from that experience and the art collected by Jews even as we were ever wandering. We will look at the impact of war, persecution, peace and the modern Jewish experience. If you are able, please join us for a special in-person tour of the Beiner Collection following the conclusion of the session.
This Financial Report Card provides an overview of the Temple’s financial results for the 2022-2023 fiscal year which ended on June 30, 2023. Financial transparency is very important to us. You deserve to know how your Temple is doing and how your money is being spent.

This Report does not include detailed financial statements, but rather a high-level summary of our financial results for the 2022-2023 fiscal year.

The Temple hires independent auditors from an outside accounting firm each year to conduct a thorough audit of our books and financial controls. The results of the audit are presented to the Finance Advisory Group and the Board of Trustees. We want our members to feel comfortable that we are operating at the highest level of financial integrity.

A BALANCED BUDGET
We finished the 2022-2023 fiscal year with a balanced budget for the eleventh consecutive year. Revenues from operations actually exceeded operating expenses primarily as a result of multiple rounds of government Covid stimulus grants we received during the year. The excess funds from last year will be transferred to operating reserves and capital reserves which we anticipate needing in the future to complete major maintenance projects (like roofing, painting, and air conditioning replacements). We are also setting aside excess cash to use as a down payment for the Mausoleum Phase 4 construction loan. More on that below.

Our largest source of revenue is Early Learning Center (“ELC”) tuition, which makes up just over 34% of total operating revenues. Operating an infant day care program and preschool is highly labor intensive primarily because of the required teacher-student ratios. Roughly 88% of ELC operating expenses go towards salaries and benefits for ELC teachers and administrators. Another 6% of the ELC total expenses goes towards debt service from the 2018-2019 Beck Family Campus expansion project.

After many years of increasing enrollment, we are at full capacity at the ELC with waiting lists for most grade levels. We finished the 2022-2023 school year with 318 students enrolled, which is maximum capacity. The Beth El Early Learning Center is critically important to the long-term viability of the Temple because it serves as a pipeline for young families to experience Beth El and hopefully form long-lasting connections which continue long after their children graduate.

Another unique source of revenue for the Temple is the Beth El Mausoleum. The Mausoleum provides roughly 9% of our total operating revenue. The Mausoleum is not only an important part of our identity spiritually, but also an important source of financial stability.

Fundraising donations are also critical to our financial health. Voluntary contributions made up 11% of total operating revenue last year. We are blessed to have so many extraordinarily generous donors who support the needs of the Temple and its members. There are far too many contributors to name individually in this report. For a complete listing of all voluntary giving during the 2022-2023 fiscal year, please visit tbeboca.org/impact.

Last year we raised $491,000 in our annual High Holy Day Appeal which exceeded our budget goal by $66,000. The Annual Appeal is instrumental in helping Temple Beth El provide meaningful experiences to all of its members and the local Jewish community. Funds raised from the Annual Appeal also ensure that no one is ever turned away from the Temple because of their financial circumstances.

In April of 2023 we hosted an incredibly successful Beth El Bash to raise funds for a refurbishment of the Rabbi Merle E. Singer Sanctuary. The 2023 Beth El Bash generated approximately $600,000 in net proceeds that we will use to renovate the Sanctuary in the summer of 2024. Additional proceeds from the Bash also provide financial support for individuals, children and families that need scholarships in order to afford membership and school tuition. About one in five Beth El households receive some level of scholarship assistance.

For most Temples in America, about two-thirds of total annual operation revenue comes from membership dues. Temple Beth El is different. The percentage of overall operating revenues that come from Congregational Commitment at Beth El is only 22% because we have many diversified revenue streams. A lower reliance on Congregational Commitment makes Beth El less susceptible to financial distress should we experience an economic downturn.

Temple Beth El also generates substantial revenue from facility rentals. Our facility rental revenue has two main components: (a) event rentals and catering, and (b) leasing activity from the Somerset Academy Charter School. In the 2022-2023 fiscal year, the Temple generated $148,000 from event rentals and catering, and another $465,000 from Somerset Academy Charter School lease payments.
Expenses

Like most service organizations, our largest expense is our people. Approximately $9.5 million was spent on salaries and benefits last year across the organization’s 174 full time and part time employees, representing 61% of total operating expenses.

**Number of Employees by Department**

- Clergy ..........................................................10
- Administration ......................................27
- Facilities Maintenance .............................14
- Early Learning Center .........................93
- Religious School ........................................27
- Mausoleum ..................................................3

**Total Employees ..................174**

Due to high inflation which drives up wages, a substantial escalation in insurance premiums and an ongoing labor shortage, the Temple’s cost of salary and benefits has increased materially over the past few years. Our people are our most valuable asset and so we are doing all that we can to recruit and retain the highest level of talent across the organization.

From June 2022 to June 2023, inflation in the United States, as measured by the Consumer Price Index, was 3.0%. However, in our metro area (Miami-Dade, Broward, Palm Beach) that same figure was 6.9%, more than twice the national average. This phenomenon is attributable to several factors including exceptionally high increases in property insurance premiums coupled with a shortage of residential real estate, both of which have dramatically driven up the cost of housing in South Florida.
Capital
Improvements

Last fiscal year saw the completion of two significant construction projects at Beth El. At the Schaefer Family Campus, we completed an approximately $450,000 perimeter security project. The scope of work included a seven-foot-high fence around the entire 10-acre property, vehicular and pedestrian access control gates, additional site lighting and additional surveillance cameras. The project was funded in part by a $100,000 grant from the Department of Homeland Security and a generous donation from the Temple's Brotherhood.

We also completed an air conditioning system overhaul at the Beck Family Campus. This project cost the Temple approximately $650,000 and involved the replacement of the entire air conditioning system originally installed in 2009.

Pandemic Relief

In September 2022, the Temple applied for an Employee Retention Tax Credit (“ERTC”) from the IRS. This is a payroll tax refund for eligible employers from the U.S. Government as part of the Covid-19 relief package. The amount of the tax refund was $954,760 (including interest) and the Temple received the funds in June 2023.

Last year we also applied for, and received, several rounds of grants specifically for the Early Learning Center as part of the American Rescue Plan Act of 2021 (“ARPA”). The Federal Government provided support, in the form of approximately $24 billion in grants that states could subgrant to qualified child care providers to help them sustain operations as they weathered the pandemic and a critical shortage of early childhood educators. The Beth El Early Learning Center received a total of $658,230 over several rounds of ARPA grants last year which we are using to attract and retain ELC teachers and administrators.

As a result of these pandemic relief programs, the generosity of our benefactors and members, and swift action to control costs, we have successfully weathered the Covid-19 storm. We are an even stronger congregation now than we were prior to the pandemic shutdowns in 2020. Our membership numbers have bounced back, our Religious School and ELC enrollment numbers are even higher than they were in 2019, and we are looking forward to a bright future ahead.
Membership

The Temple’s membership in terms of number of households, has increased steadily over the past five years. We finished the fiscal year on June 30, 2023 with 1,834 member households, compared to 1,700 in 2022 (7.9% increase).

One reason we are growing despite national trends to the contrary, is that our Engagement and Programming team, along with many dedicated volunteers, work hard to foster individual relationships through small group interactions. Through our Chavurot (Groups of Friends) and Beth El Circles programs, we provide many avenues for members to connect with each other and Temple Beth El in non-traditional ways. Our member resignation exit interview research suggests that the number one reason people resign from a temple is that they “don’t feel connected”. We believe our member retention success is due in part to intentional efforts to create meaningful connections with other members, with the Clergy, and with other ELC and Religious School parents.

Early Learning Center

Early Learning Center (“ELC”) enrollment at the conclusion of the 2022-2023 academic year was 318 students, compared to 315 students at the same time in the prior year. There was virtually no change in the enrollment numbers because we are at full capacity, with waiting lists for all grade levels. We have increased tuition prices materially over the past two years, mostly to keep up with rising labor costs. Yet the demand for the services we provide is stronger than ever. This, we believe, is the result of several factors including migration to our area from other states. It is also a testament to the wonderful staff at the Early Learning Center who provide an environment where children thrive in an atmosphere of friendship, curiosity, self-esteem, Jewish values, joy and respect.

Note: 2021 enrollment decreased significantly because of Covid-19.
Religious School

RELIGIOUS SCHOOL ENROLLMENT

The Beth El Mausoleum creates an eternal connection to the Temple for many of our members and for unaffiliated Jews in the broader local community. Gross sales revenue for the 2022-2023 fiscal year was $1,693,621 compared to $1,461,304 in the prior year. This represents a 15.9% increase year-over-year. In the 2022-2023 fiscal year we completed 96 sales transactions and in the prior fiscal year we completed 77 sales transactions (25% increase).

20% of all Mausoleum sales revenue is set aside in a restricted fund designated for the perpetual care of the Mausoleum building and grounds. This perpetual care fund ensures that the Mausoleum buildings and grounds will always be properly maintained, even if the Temple ceases to exist far in the future. As of June 30, 2023, the balance in the Mausoleum Perpetual Care Fund was approximately $3.7 million, which will continue to grow over time through market appreciation and additional deposits from future sales.

We have run out of the most desirable inventory at the Mausoleum which puts us at a competitive disadvantage. We are therefore planning to build a new Mausoleum building similar in size to the existing two-story indoor/outdoor mausoleum building constructed in 2006. Three phases have been built so far. This new building would be the fourth.

Final construction plans for Mausoleum Phase 4 are complete and have been submitted to the City of Boca Raton for approval. We are now going through the arduous building permit process at the City. We plan to break ground on the new mausoleum building in 2024 and the project should be complete and open in 2026. We anticipate starting preconstruction sales for the new phase in late 2023.

Beth El Mausoleum

Religious School enrollment at the conclusion of the 2022-2023 academic year stood at 517 students. From 2012 to 2018 we experienced a consistent decline in student enrollment, most notably in the post bar/bat mitzvah age groups. We are pleased to report that the downward trend has reversed and our enrollment last year was back to levels we have not experienced since 2017. Our efforts to provide creative, flexible, non-traditional learning models aimed at satisfying the needs of modern Jewish families is working. In fact, we are out of space on Sunday mornings at the Beck Family Campus. We are therefore offering Sunday morning classes at the Schaefer Family Campus again, and mid-week evening classes at the Beck Family Campus so that we don't have to turn away families who want to enroll their children. This is a “good problem to have” (although still a serious problem) and something we have not experienced in many years.

Note: In 2021 there were no Religious School classes in-person due to Covid-19 so enrollment decreased significantly.

We are also putting additional attention and resources to our Religious School Parent Tribe initiative which aims to build social connections and school involvement for parents of Religious School students. If you would like to learn more about all of the exciting things happening at the Religious School, please visit theboca.org/religious-school.
Construction and Debt

In March 2020, we completed construction activities at the Schaefer Family Campus. This marked the end of a multi-year project that included expansions and renovations at both campuses. Total project costs, not including financing costs, totaled approximately $22 million. Because many of the large gifts we received for this campaign are paid out over an extended number of years, the Temple has a loan with Wells Fargo Bank which we are paying off steadily each month.

The Wells Fargo loan carries a fixed rate of 3.75% annual interest with a maturity date of August 2030. Thanks to many extremely generous donors, we have the funds and future commitments necessary to pay off the debt entirely on or before the scheduled maturity date. Presently we are making monthly debt service payments of about $100,000 per month (principal and interest).

The next major construction project is Mausoleum Phase 4 (see previous section for more information). We anticipate this project will cost approximately $8.5 million. We will secure bank debt to fund the construction costs as we have done with the first three phases of the Mausoleum. The money to repay the debt will come from future Mausoleum sales. We do not anticipate combining the existing loan with the Mausoleum expansion loan since the cash flow streams used to repay the debt are distinct and each project should financially stand on its own.

Interest rates are high right now which means the cost to borrow money for Mausoleum Phase 4 will be expensive. As a result, we are conserving as much cash as possible from operations to use towards a down payment on the construction loan so that we can borrow as little as possible. By way of example, if the interest rate on the construction loan is 7.0%, we will incur $70,000 per year in interest expense for every $1 million we borrow. If we can conserve cash and put down $3 million (for example) as a down payment, then we save $210,000 per year in interest expense, which is a substantial amount of money for the Temple.

Conclusion

Very few temples in the country are enjoying the success we are experiencing at Temple Beth El of Boca Raton, thanks to the ongoing support of our members, the generosity of our benefactors, and the hard work of our incredible staff.

We weathered the Covid-19 storm and have come out even stronger on the other side. Also, we are proud that we have maintained our long-standing policy of never turning away any individual or family who want to be a part of our community but cannot afford to pay the full Congregational Commitment or tuition rates. We greatly appreciate your support and look forward to another successful year.

Should you want more information about the Temple’s finances, you are welcome to contact Cindy Chieffo (Chief Financial Officer) at cchieffo@tbeboca.org or Steve Kaufman (Executive Director) at skaufman@tbeboca.org and we will gladly answer your questions.
Mistakes are an inevitable part of life. They hold a special place in the journey of personal growth and development, especially for young children. While it is natural for parents and teachers to want to shield children from errors and failures, it is important to understand that mistakes are valuable learning experiences.

One of the most significant benefits of allowing young children to make mistakes is the development of resilience. When children are shielded from failures, they may not develop the necessary coping mechanisms to deal with setbacks later in life. By experiencing mistakes at a young age, children learn that it’s okay to fail and that they have the capacity to bounce back and try again. This resilience is a valuable life skill that can help them face challenges with confidence as they grow.

Mistakes can also be a breeding ground for creativity. When children are encouraged to explore without the fear of making mistakes, they are more likely to think outside the box and come up with innovative solutions. Creativity often flourishes in an environment where errors are not shunned, but celebrated as opportunities to discover new possibilities. This mindset can have a lasting impact on a child’s ability to think critically and problem-solve effectively.

Mistakes offer a unique opportunity for self-reflection. When children make a mistake, they have a chance to analyze what went wrong, why it happened, and how they can do better next time. This process of self-reflection not only helps them learn from their errors but also encourages them to take ownership of their actions and decisions. Over time, this skill becomes an essential part of their personal and academic growth.

Mistakes are not something to be feared or avoided, especially for young children. Instead, they are valuable learning experiences that can help children build resilience, foster creativity, and promote self-reflection. Parents can help this process by encouraging their children to embrace mistakes as an integral part of their journey toward becoming confident, capable, and adaptable individuals.

Layers of Beauty

On the first day of school in August 2019 the Religious School had 437 students enrolled. After RS180 in 2020, the year we pivoted 180 degrees to bring Religious School fully online, it felt as though we were starting the school from the ground up. Upon our return to in-person school in 2021, we not only had to navigate new faculty, but also new benchmarks which brought our spiral curriculum and #OnwardHebrew program to the next level, and ever-changing covid and social distancing protocols. It was rewarding, but an incredibly hard two years.

This year 2023, we started school with 517 enrolled students and every week we’re adding more. We are very excited to have reopened a weekly Sunday program at the Schaefer Family Campus in addition to Sundays at the Beck Family Campus. Luckily, we added Religious School on Tuesdays at the Beck Family Campus because we had to close registration for our weekly Sunday program and start a waitlist, something we have never had to do!

We are also thrilled with our volunteer Parent Tribe groups, which were relaunched last year. So far there are have been 5 Sunday brunches to welcome parents back this fall, and we are excited to add more opportunities for family and parent-only programs throughout the year.

While I have never seen our school as broken, I am amazed daily at the layers of beauty we are able to add on with the partnership of our faculty, volunteers and Temple Beth El staff. What a wonderful position we are in to continue enhancing our school as we continue to reach new heights.

Support when you Need It

A little girl misses her mom who is out of town. 
A teen opens up about things happening in middle school that bother him. 
A teacher finds out her daughter has cancer and needs surgery. 
A new student is anxious about starting Religious School. 
A teen tells a table of friends about the recent passing of her parent. 
A teacher needs advice on how to best engage a student with ADD.

The Religious School’s partnership with the Ruth and Norman Rales Jewish Family Services has already provided opportunities for meaningful conversations within our school community in a way that makes us wonder how we ever existed without it. Our two social workers, Tali and Morgan, have made themselves available to students and teachers alike, sometimes by validating feelings and at other times by providing resources to additional services. They are on both of our campuses whenever we are in session to connect with the students.

This helps to foster an open and caring environment, allowing an easier pathway to conversations and engagement.

With support from our clergy and parents, the Religious School team continues to meet the needs of our students, both during and outside of school hours. This partnership, with experts in our community, enables us to elevate our mission in not only providing students a Jewish education, but by increasing our ability to create a safe and healthy place, where one can be their authentic self.

Sisterhood Update

When you hear the words, “November, December, and Sisterhood”, typically two things pop into your mind: first, it’s time for Chanukah, and second, that it is LATKE TIME! Sisterhood will once again team up with ELC to sell the delicious frozen, easy-to-heat-up latkes, so look for registration soon and order your latkes for your family and friends!

But Sisterhood has something even more exciting in store for you. This year the Sisterhood Luncheon is on Sunday, December 17th and our theme is Battle of the Bakers! The Challah Prince, aka Idan Chabasov, and The Kosher Baker, aka Paula Shoyer, are known for elevating their bread-making/baking skills to another level, bringing them an international fanbase. We will have these two talents, who are also friends, share their secrets with us!

Additionally, the luncheon will feature vendors, a Silent Auction, and many ways to sponsor this worthy cause that raises funds for Sisterhood so that we may continue to send shiva platters, college care packages, and healing blankets, among other important projects, that are all free to our Beth El members.

Prior to the luncheon will be a Girls’ Night Out, held at Interiors by Brown on Thursday, November 2nd. The price of admission is a $25 gift card (or two, or three) that will be used in some of the Sisterhood Luncheon fun. There will be light bites served while we stroll the gorgeous, newly renovated showroom, all the while being inspired by the latest in home and commercial designs. Brown’s is renowned for their creativity and design principles and has been in business for forty years.

Sisterhood is experiencing the most wonderful changes! For example, we had so many incredible volunteers, both familiar faces and new, when we decorated the Sukkah. And you had better act fast when registration opens for any of our latest events because our events completely sell out. Now that every woman in TBE is automatically a member of Sisterhood there are even more opportunities to make new friends when you attend an event or volunteer. And just like the oil of ancient times that miraculously lasted for 8 days and nights; our Sisterhood thrives and grows even as other sisterhoods are shrinking or closing. Temple Beth El is proud to sponsor Sisterhood!

In order to get battle ready for this year’s Sisterhood Battle of the Bakers luncheon in December (see page 29), join us for a beautiful evening at Interiors by Brown. We will learn about design trends, schmooze and help gather gift card prizes for the luncheon. This will be a fabulous evening to get the most up-to-date information from the world of design, enjoy an evening with your Beth El Sisterhood and pave the way for a fabulous luncheon in December.
Celebrating Community and Tradition: A New Chapter for Temple Beth El Brotherhood

The Temple Beth El Brotherhood has kicked off an exhilarating year, melding tradition and modernity while fostering a vibrant sense of community. Our recent kickoff event was a grand affair. Watching the Thursday Night Football game, we gathered as a united community of brothers from all walks of Temple Beth El life. Chef Justin Freedman elevated the evening with his culinary expertise, turning it into an unforgettable experience.

But we’re not just about football and food; we embrace our traditions with equal enthusiasm. During Sukkot, we hosted our annual Bourbon Tasting in the Sukkah event. Rabbi Greg and Past President Kevin Romer guided us on an intricate journey through the world of bourbon, punctuated by the ritual shaking of the lulav and etrog. This balance of old and new is what makes our Brotherhood so unique.

As we look to the future, the excitement continues to build. On November 13, we invite you to join us at Barrel of Monks in Boca Raton for an engaging night of networking and camaraderie. Mark your calendars; you won’t want to miss it.

However, the cornerstone of our year will be the Temple Beth El Brotherhood Golf Outing on January 29 at the prestigious Boca Rio Golf Club. We are thrilled to announce Neal Slafsky, as the 2024 Honoree. Whether you’re interested in golfing, attending the Cocktail & Dinner reception, or sponsoring the event, there’s a place for you in this cornerstone event. For more information, visit TBEBrotherhoodGolf.com.

This golf outing is much more than just a day of golf; it’s an investment in our future. Event proceeds will benefit efforts to grow Temple Beth El’s Endowment, ensuring our long-term financial sustainability. Additional funds will be earmarked for scholarships and assistance to members of our community in need.

The Brotherhood is about creating meaningful connections while celebrating our heritage. We invite you to be a part of this remarkable journey. For further details on upcoming events and how you can contribute, please visit theboca.org/brotherhood or email brotherhood@tbeboca.org.

If music is your passion, Temple Beth El is the place to be! We have many opportunities for you or your children to grow your passion for musical expression. Musical ensembles are led by Cantorial Soloists Michelle Auslander Cohen and Jake Harris and include:

• Koleinu and Kol Zimrah singing groups for adults
• Adult band, teen band
• Malachim – choir for kids in grades 3-5

For more information and to register for one of our fabulous ensembles, please go to tbeboca.org/music

For questions, please email Michelle Cohen mcohen@tbeboca.org or Jake Harris jharris@tbeboca.org

“Jewish tradition teaches that music unlocks the door to divine connection.”

MUSIC AT BETH EL
With compassion and integrity, our friendly caring team provides the highest quality dental care near Temple Beth El. Equipped with state of the art dental imaging and an experienced and caring staff, my practice is unconditionally committed to the comfort and satisfaction of my patients.

ANNOUNCING *The New Easy Dental X-Ray* allows for taking your check up X-rays outside your mouth with incredible comfort and clarity. No more biting, gagging and pinching inside your mouth in most cases! Patients love how easy and comfortable it is.

Choosing a dentist is an important decision, so do the research and then decide. My practice is FIVE star reviewed on *Yelp* and *Google*. Please take a moment to read our reviews. We are currently accepting new patients so please call us today!

When Friends ask who to call for help, JFS at Home is on the top of their list.

Shirley and Bart (z”l) Weisman

“As a family with many years of experience working with older adults through our nursing homes, we know first-hand how important quality, pre-screened caregivers are in assisting people to age in place. JFS at Home is a wonderful organization that helps so many in our community and has excellent nurses and aides who really care about their clients. We highly recommend JFS at Home for both short-term and long-term needs.”

Make JFS at Home your first call when help is needed.

The Expert In Orthopedic Spine Surgery

Robert P. Norton, M.D., F.A.A.O.S.
Florida Spine Associates

Dr. Norton is a world-leading expert in minimally invasive spine surgery and in office treatment of vertebral compression fractures with the kyphoplasty procedure. Dr Norton spends time when not seeing patients, teaching other surgeons cutting-edge minimally invasive surgical techniques. He recently even wrote a book chapter for a major spine textbook on how to do the kyphoplasty procedure in the office.

Throughout his career, Dr. Norton has had a strong interest in academic medicine and has been actively involved in teaching and research. He has authored multiple publications on a variety of topics related to spine surgery in numerous peer-reviewed journals and textbooks. He has received several research grants and has presented his research at both national and international conferences.

Compression fractures of the spine occur most often in people with osteoporosis, after a fall, after a forceful cough or sneeze, or simply from bending over to tie shoes. Fortunately, he can treat patients with an easy solution called a Kyphoplasty, performed in my office in about 10-minutes. After numbing the area, he will simply place a small needle into the broken bone under x-ray guidance. He can then inject a small amount of bone “glue” to stabilize the broken bone. This is a permanent fix and serves to get rid of the pain from the broken bone and prevent further collapse of the bone so you don't become deformed and hunched over. The pain is gone immediately and you can walk out of the office with just a Band-Aid!

Skilled in the most advanced surgical techniques and emerging technologies, Dr. Robert Norton offers expertise in all aspects of spine care. His expertise and excellent surgical outcomes have earned him the nickname, “Miracle Worker.”
